Young Life provides a stimulating environment that introduces your son/daughter to Christ in creative, fun, age appropriate ways. We provide weekly activities at no cost in a safe, nurturing environment purposed specifically for each group of students to enjoy. To provide all of these services to your child, Young Life spends approximately \$300 per participant, per semester but does not charge a registration fee; because we do not want to turn any youth away with an interest in spending their time in a positive environment. How much is this worth to you? Please think about it (pray and ponder) and strongly consider giving a donation or signing up for monthly donations when you come to register your child for Young Life. Respond by checking above to “Become a monthly or annual donor”, so that Young Life can continue this important work in our community on behalf of our children. Remember this program is 100% funded by you! Luke 12:34 ~ For where your treasure is, there your heart will be also. Thanks so much!
